Come to Riverton Memorial Park,
and find out why "The Bird is the Word"!

The Pompeston Creek Watershed Association is celebrating its 48th Annual Meeting with a bird walk! Local bird expert Mark Pensiero will be taking us down along the tidal marsh to point out some of our native birds, and give tips on what to watch and listen for when birding on your own.

Bring your binoculars and see how many species you can check off of the list!
